COLOR SCHEME | All Pantone colors are being printed as solid coated.

WHITE BASE | Black | 360C | 485C | MATT OIL

FOR ROTOGRAVURE PRINTING, ALL PANTONE COLORS WILL BE CONVERTED TO SOLID COLORS, INCLUDING ANY SPOT COLORS.

Materials Provided by the Client
The client shall provide accurate and complete information and materials to DymaPak, and guarantees and warrants that all materials are owned by the Client or that the Client has all necessary rights, including copyright and waiver of moral rights in such materials, to permit DymaPak to use them for production.

Bag Samples
This proof confirms that we are printing the selected CMYK and PMS colors as listed on this proof. If client would like DymaPak to MATCH on press a previous run sample or other printed item. Client must provide a minimum of (6) samples which will be used to match to and NOT the PMS colors indicated on this proof

Client Approval
The Client shall appoint a sole representative with full authority to provide necessary information required by DymaPak and to provide reasonable approvals.

The Client shall proofread and approve all elements of final artwork. DymaPak is NOT responsible for any misspells or missing information. Spelling, Punctuation, Grammer and Content are the sole responsibility of the customer. Approval must be provided before production can continue. Corrections, if required, shall be identified on proofs, artwork, facsimiles, or drawings and are to be returned to DymaPak marked "Approved" or "Make Changes," with the name or initials of the individual duly authorized to pass on same. If a copy of the revisions is required, a request must be made when the above mentioned articles are returned to DymaPak.

By signing below, you (The Client) are acknowledhing that you have read, agree to and accept all of the terms and conditions contained in this document.
